PROFILE

"Results-driven Full-Stack Developer expert in building high-performance web applications, skilled in HTML, CSS, JavaScript, and TypeScript, with advanced expertise in React.js and Next.js for front-end development. Strong back-end proficiency in Node.js, Express.js, Nest.js and databases (MongoDB, MySQL), with extensive experience in designing and implementing REST API, GraphQL, and real-time applications using Socket.io.

Adept at creating responsive, user-friendly designs using Bootstrap and Tailwind CSS, alongside SEO optimization, API integration, and WordPress development. Highly proficient in Git/GitHub, NPM, and cloud deployment (AWS, Vercel,) consistently delivering performant, scalable, and secure web solutions that enhance user experience and meet business goals."
